Operations improvement in healthcare: Program design, change strategy and project management	<i>Prof. Dr. Jeroen de Mast University of Amsterdam</i>	October 31, 2013	
“Lean Experience” – Improving a Business Process in Kaizen Style (Workshop)	<i>Prof. Dr. Jeroen de Mast University of Amsterdam</i>	October 30, 2013	
Data Mining Workshop by JMP: Concepts, Methods and Practices (Workshop)	<i>Dr. Volker Kraft JMP Academic Ambassador, Europe</i>	September 20, 2013	
Regression and Prediction with Neural Networks and Learning Algorithms	<i>Martin Rainer ENAMEC Institut, Würzburg ZR Risk Management, University of Würzburg</i>	May 30, 2013	
Volume Discount Pricing Policy for Capacity Acquisition and Task Allocation Models in Telecommunication with Fuzzy QoS Constraints	<i>Hasan Hüseyin Turhan Yalova University Department of Industrial Engineering</i>	April 18, 2013	
Prediction of Energy Loads, Prices and Climate Covariates	<i>Martin Rainer ENAMEC Institut, Würzburg ZR Risk Management, University of Würzburg</i>	March 28, 2013	
Analysis of Dynamic Bilateral Price Negotiations	<i>Nur Ayvaz Çavdaroğlu Syracuse University, Whitman School of Management</i>	July 24, 2012	
Re-Mining Item Associations: Methodology and a Case Study in Apparel Retailing	<i>Ayhan Demiriz Sakarya University Department of Industrial Engineering</i>	May 24, 2012	
Ar-Ge ve İnovasyonda Verimlilik ve Karlılık	<i>Gürdal Ertek Sabancı Üniversitesi</i>	April 20, 2012	
Queueing and Fluid Networks with Parameter Uncertainty	<i>Burak Büke University of Edinburgh School of Mathematics</i>	December 22, 2011	
Approximate analysis and optimization of batch ordering policies in capacitated supply chains	<i>Dr. Abdullah S. Karaman Cognizant Technology Solutions</i>	November 15, 2011	
Information Centric Frameworks for Emerging Process Domains	<i>Prof. Joe Cecil Oklahoma State University Department of Industrial Engineering</i>	October 13, 2011	

	<i>Center for Information Based Bioengineering and Manufacturing (CINBM),</i>		
Integrated Options, Forward and Spot Procurement Policies for Traded Commodities	<i>Fehmi Tanrısever Eindhoven University of Technology Industrial Engineering and Innovation Sciences Department</i>	August 1, 2011	
Deneyimler	<i>Taylan Güvercin Siemens IT Çözümleri Hizmetleri Proje Yöneticisi</i>	April 5, 2010	
Kalite	<i>Kürşat Sertpoyraz Roketsan A.Ş. Yazılım Kalite Güvence Müdürü</i>	February 5, 2010	
Yetenek Arama	<i>Mustafa Çağan Microsoft Türkiye Genel Müdür Yardımcısı</i>	January 4, 2010	
Extensions to Economic Lot Sizing Problem	<i>Mehmet Önal University of Florida Department of Industrial and Systems Engineering</i>	June 30, 2009	
Machine-Job Assignment Problems with Separable Convex Costs and Match-up Scheduling with Controllable Processing Times	<i>Sinan Gürel Warwick University Warwick Business School and Centre for Discrete Mathematics and its Applications</i>	March 13, 2009	
Regime Schemes in Solidification at High and Low Rate Extremes and Mining for Structure Property Relationships in 3D Microstructures	<i>Halim Meco Iowa State University Department of Material Science and Engineering</i>	January 8, 2009	
Six Sigma in Health Care: An Introduction with Examples	<i>Ron S. Kenett KPA Ltd., Raanana, Israel and University of Torino, Torino, Italy.</i>	May 30, 2008	
Methodology Development for SME-based Virtual Enterprises	<i>Burak Sarı Leiden University Center of Technology and Innovation Management (CeTIM) School of Management</i>	April 2, 2008	
Supply Chain Planning for Hurricane Response with Bayesian Information Updates	<i>Selda Taşkın Auburn University Department of Industrial and Systems Engineering</i>	December 25, 2007
